Waypoint	Image
Wyaralong Lake	 A satellite image of Wyaralong Lake, a large reservoir in a mountainous region. A red line is drawn across the lake, and several green circular markers are placed along its shoreline and in the surrounding forested hills.
Spicers Peak	 A satellite image of Spicer's Peak, a prominent mountain peak. A red line is drawn across the mountain's slope, and green circular markers are visible on the peak and in the surrounding valleys.
Warrick	 A satellite image of the town of Warrick, showing a dense urban area with a mix of buildings and green spaces. A red circle is drawn around a specific area in the town, and various colored markers (green, blue, pink) are scattered throughout the landscape.
Auburnvale	 A satellite image of the Auburnvale area, showing a patchwork of agricultural fields and some built-up areas. A red circle is drawn around a specific field, and various colored markers are visible across the landscape.
Greenmount	 A satellite image of the Greenmount area, showing a mix of agricultural fields, some industrial or commercial buildings, and a large circular feature (possibly a quarry or a large pond). A red circle is drawn around a specific area, and various colored markers are visible.
Bromleton	 A satellite image of the Bromleton area, showing a mountainous landscape with a river or stream winding through it. A red circle is drawn around a specific area, and various colored markers are visible across the terrain.
